STS 2019 Exhibit Modifications

Each instance of our major exhibit includes modifications necessary to suit the needs of sales, marketing, or the physical requirements of the hall.

Since our last major exhibition, AATS 2018, was held in the exact same location, San Diego Convention Center, STS 2019 will essentially be a “redo” of that exhibit. There will be a few minor exhibit improvements.

Firstly, TMR is getting some love. On Mike Tuckerman’s suggestion, a second minor tower, identical to the Chord-X demo tower, will be pulled from storage and refurbished to promote the selling points of CardioGenesis.

Secondly, a new “back bar” positioned behind the main service bar, will ensure that all garbage cans, extra cups, and other catering supplies are neatly stored out of sight.

This year’s hospitality will include a Martini Bar at the Sunday Reception and espresso, cookies, and infused waters during regular exhibition hours Monday and Tuesday. The goal, as always, is to fill the exhibit with as many surgeons as possible.

Please forward any comments or suggestions to myself or David Layman.

Thanks and have a great STS 2019!

Basil Beighey

Exhibit Hall Badge Pick-up

David Layman will have all exhibit hall badges laid out in alphabetical order on a table at the pre-show meeting, Sunday, January 27, at 3 pm. Any unclaimed badges will be returned to the registration desk in the exhibit hall. Late attendees can pick them up there. If for some reason you want your badge before this time, go to the STS registration counter and claim it.

Booth Attractions

Martini Bar

Sunday, Jan 27 we are featuring a martini bar offering traditional martinis and cosmopolitans.

Espresso Bar and Cookies

Monday and Tuesday, Jan 28 & Jan 29 we are featuring made-to-order espresso drinks, assorted cookies, and infused waters.

Martini & Cosmopolitan Bar

Sunday Reception

Espresso Bar & Cookies

Monday and Tuesday

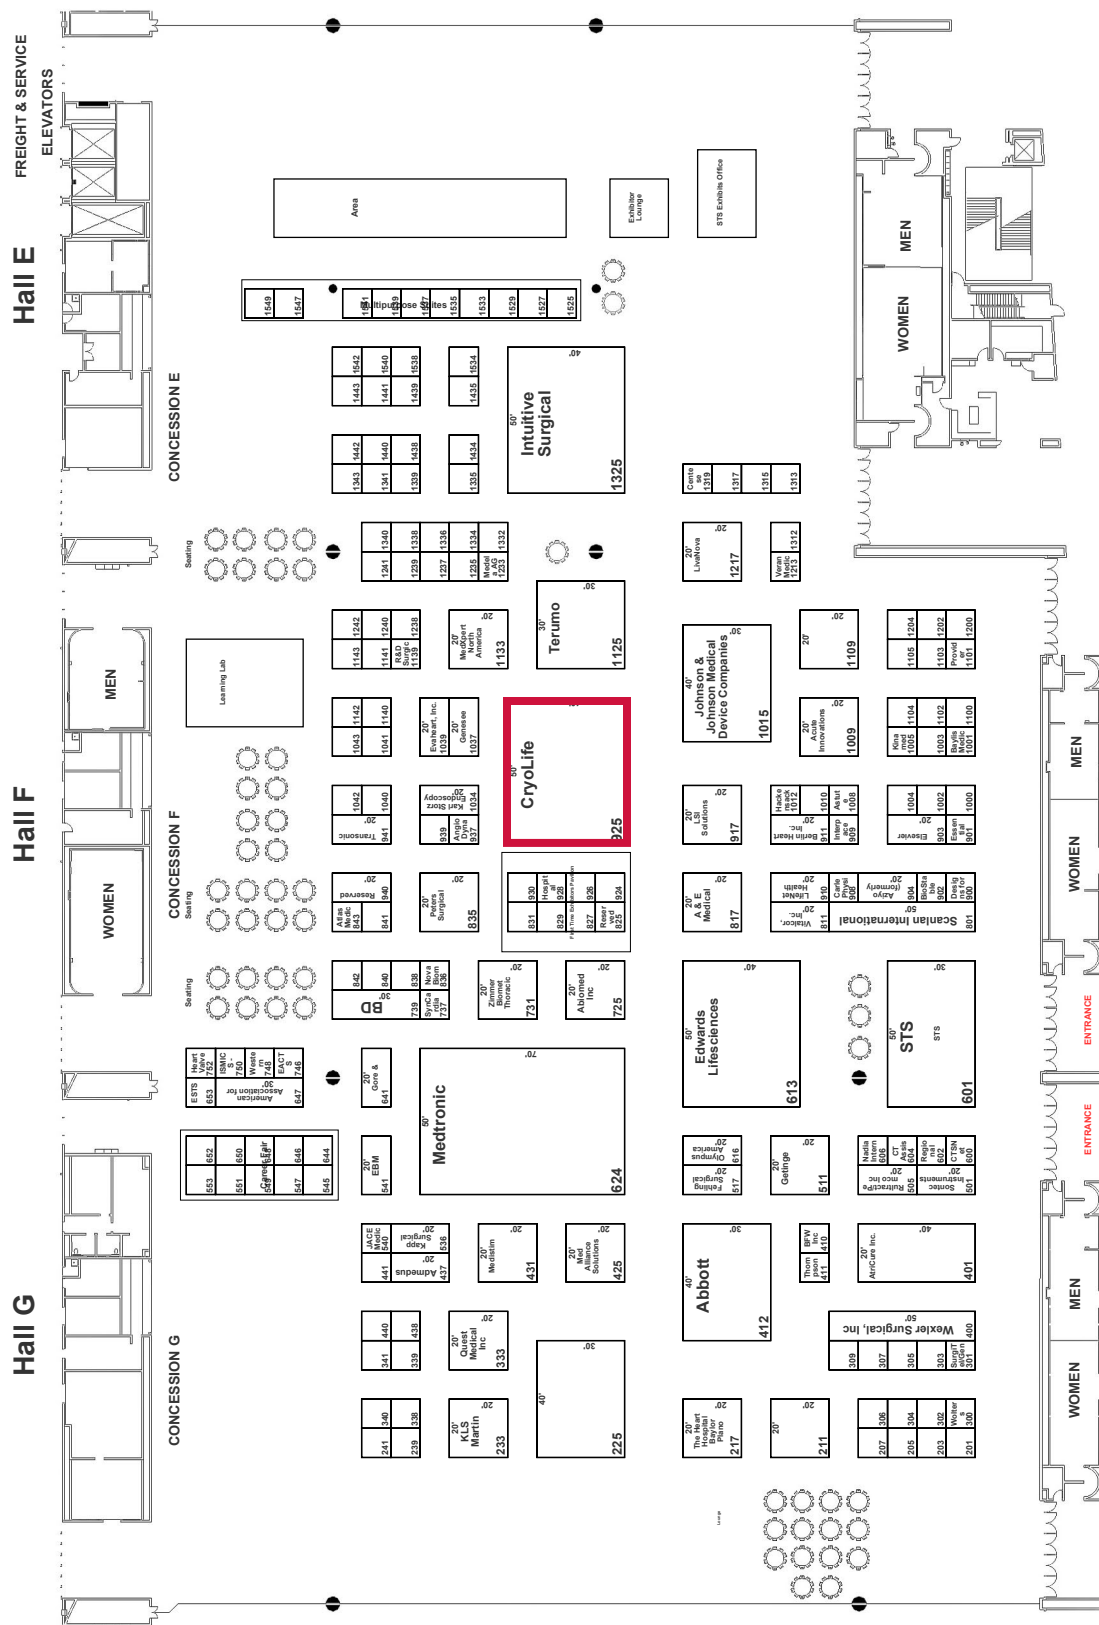

Exhibit Reminders

- Please **do not bring any large bags** or suitcases to the exhibit booth. Storage is extremely limited.
- **The dress code while working the exhibit is business professional.** Your appearance and behavior while in the exhibit will either inspire confidence in our brand or detract from it.
- **Never leave your assigned station unattended.** At large meetings, things can get chaotic. Sales people assigned demo tables may occasionally be called away to meet with prospects. If you are assigned to a demo table, before you leave your station for any reason, check with the ranking exhibit manager to make arrangements for someone to cover for you.
- **Three iPad Attendee Badge Scanners** will be provided in demo table drawers (station 1,2,& 5) to collect attendee information. Simply point the iPad camera at the badge bar code and click. Operation instruction will be given at pre-show meeting.

Basic Science Research: General Thoracic
Diversity and Inclusion in Cardiothoracic Surgery—What Is the Real Value?

9:00 a.m. – 4:30 p.m.
Exhibit Hall

9:30 a.m. – 10:15 a.m.
Featured Abstract Presentations

10:15 a.m. – 11:00 a.m.
BREAK—Visit Exhibits and Scientific Posters

11:00 a.m. – 11:10 a.m.
Introduction of the President:
Robert S.D. Higgins

11:10 a.m. – 12:15 p.m.
Presidential Address: Keith S. Naunheim

12:15 p.m. – 1:15 p.m.
BREAK—Visit Exhibits and Scientific Posters

1:15 p.m. – 3:15 p.m.
Adult Cardiac: Aorta I

Adult Cardiac: Ischemic

Congenital: Pediatric Congenital II

General Thoracic: Lung Cancer I

General Thoracic: Lung Transplantation

SVS @ STS: Sharing Common Ground for Cardiovascular Problems

1:15 p.m. – 5:00 p.m.
Clinical Scenarios: The Heart Team

3:15 p.m. – 4:00 p.m.
BREAK—Visit Exhibits and Scientific Posters

4:00 p.m. – 5:00 p.m.
Adult Cardiac: Arrhythmia/Atrial Fibrillation

Adult Cardiac: Contemporary Practices in Surgical Therapy for Advanced Heart Failure

Cardiothoracic Surgery Education

Congenital: Adult Congenital

Critical Care Research

Next-Generation General Thoracic Surgery

Quality Improvement in Cardiothoracic Surgery

5:15 p.m. – 6:15 p.m.
Business Meeting (STS Members Only)

6:30 p.m. – 7:30 p.m.
STS-PAC Reception
Open to 2019 contributors

TUESDAY, JANUARY 29

6:30 a.m. – 1:00 p.m.
Registration

7:00 a.m. – 9:00 a.m.
Adult Cardiac: General

Adult Cardiac: Mitral and Tricuspid Valves

Congenital: Pediatric Congenital III

General Thoracic: Lung Cancer II

General Thoracic: Mediastinal/Pulmonary Pain Management

9:00 a.m. – 1:30 p.m.
Exhibit Hall

9:00 a.m. – 9:30 a.m.
BREAK—Visit Exhibits and Scientific Posters

9:30 a.m. – 9:45 a.m.
Award Presentations

9:45 a.m. – 10:45 a.m.
C. Walton Lillehei Lecture: Eric Topol

11:00 a.m. – 12:00 p.m.
Meet the Experts

Health Policy Forum

12:00 p.m. – 1:00 p.m.
BREAK—Visit Exhibits and Scientific Posters

1:00 p.m. – 3:00 p.m.
Adult Cardiac: Aorta II

Adult Cardiac: Aortic Valve/Novel Technologies

Advanced Therapies for End-Stage Cardiopulmonary Disease

General Thoracic: Esophageal

1:00 p.m. – 5:00 p.m.
How-To Video Session: Technical Tips to Avoid Pitfalls and Simplify Congenital and Pediatric Cardiac Surgery Procedures

How-To Video Session: General Thoracic

“My Tube” Adult Cardiac How-To Video Session

Hands On Wet Lab - Sunday, January 27, 2019

Course #5: Root Enlargement Procedures with Valve Implantation

Course Directors: S. Adil Husain, Primary Children's Hospital, Salt Lake City
Joseph W. Turek, Durham, NC

Course Description: This course will review two specialized subareas of technical expertise required to perform complex aortic root surgery. Participants will learn the anatomic approaches and surgical techniques employed in performing aortic root enlarging procedures. Surgical strategies for root enlargement will include Nicks, Manouagian, and Ross Konno.

Objectives: Upon completion, participants should be able to:

- ▶ Identify the anatomy and appropriate surgical landmarks in the left ventricular outflow tract and aortic valve apparatus
- ▶ Describe the incision sites and overall surgical techniques for a variety of root enlargement strategies
- ▶ Discuss surgical pitfalls associated with each strategy and mechanisms by which to delineate options based upon patient and anatomic substrate
- ▶ Describe how to set up and expose the aortic root for primary valve repair and identify the risk factors for repair failure based on the anatomy of the aortic valve
- ▶ Demonstrate how to implant a type I bicuspid aortic valve in the context of its neoroot and explain what the different bicuspid subtypes mean for orienting the repaired valve when performing a root reimplantation

Date: Sunday, January 27, 2019

Times: Session I: 8:00 am – 9:45 am
Session II: 10:15 am – 12:00 pm

Cost: \$175.00 - STSU is a ticketed event. (STSU attendees must also be registered for the STS Annual Meeting).

Process for Registering: Any time before or during STS. If you've already registered for the meeting and wish to add STS University, contact registration customer service at 800-424-5249 or online at: "Registration.ExperientEvent.com/ShowSTS191/flow/ATT".

Hands On Wet Lab - Sunday, January 27, 2019

Course #3: Mitral Valve Repair

Course Directors: Pavan Atluri, Philadelphia, PA
Evelio Rodriguez, Nashville, TN

Course Description: In this course, participants will be able to practice different mitral valve repair strategies for both anterior and posterior leaflet pathologies. These will include leaflet resection and non-resection techniques, commissural repair strategies, and different chordal approaches. In addition, different surgical therapies for secondary mitral regurgitation, including ring selection, leaflet extension techniques, and valve replacement, will be reviewed.

Objectives: Upon completion, participants should be able to:

- ▶ Describe different leaflet resection and non-resection approaches, in addition to different chordal techniques required for successful mitral valve repair
- ▶ Identify advance repair techniques for both primary and secondary mitral regurgitation
- ▶ Demonstrate proper mitral valve replacement techniques

Date: Sunday, January 27, 2019

Times: Session I: 8:00 am – 9:45 am
Session II: 10:15 am – 12:00 pm

Cost: \$175.00 - STSU is a ticketed event. (STSU attendees must also be registered for the STS Annual Meeting).
